

Bullying Prevention Training for parents and professionals *with Massachusetts Advocates for Children*

This webinar will address the significant changes in special education practices that are a result of the state's bullying prevention law.

The state legislation focuses on the following:

- school-wide efforts to create safe and supportive school environments for students with disabilities
- statutory provisions that require IEP Teams to address bullying of students with disabilities

This training is presented in collaboration with

Date/Time: Tuesday, November 10 2020, 6:00 p.m. - 8:00 p.m.
