

Special Needs Family Alliance

FRANKLIN COUNTY ONLINE TRAINING SERIES

*Apply the Power of Knowledge*

## Autism and Law Enforcement Education Coalition (ALEC)

This webinar is a reschedule due to power outage difficulties experienced on the night of the original event.

The ALEC Program (Autism and Law Enforcement Education Coalition) helps foster a deeper understanding of Autism Spectrum Disorders (ASD) and intellectual disabilities (ID) among public safety and law enforcement personnel.

ALEC also offers a Parent Training, to help parents, caregivers, and others navigate the best options to support their family member in emergency situations. In this free online training, Captain Bill Cannata, Statewide Project Coordinator for ALEC, will teach parents and caregivers about important safety measures. You will learn about your role in emergency situations, how to inform local First Responder agencies about your loved one's diagnosis, and other important considerations in emergency and safety situations.
